When John Aquilina first started The Limousine Line, he had no idea he would be celebrating its success 25 years later with his wife Rita; who he met after refusing every passenger in a 5-star hotel queue, to offer Rita a ride home.

It's unusual for a limousine service to stay in business for 25 years. Countless others have come and gone while The Limousine Line has serviced the Sydney community and its highest-profile guests as well as interstate and international corporate and leisure travelers.

Their clients have included everyone from superstar Dolly Parton to appearing on Home and Away. They were the transport provider for The Matrix movie trilogy, have hosted Arabian princesses, the former Prime Minister of India as well as Federal and State Government Ministers for many years. Their loyal clients include corporate travelers and those wishing to celebrate special occasions.

During one of their biggest events, The Limousine Line transported 1,100 passengers from Sydney to The Hunter Valley with 27 vehicles over three days. Just one of a number of events they have managed transportation for.

The Limousine Line is thrilled to have been selected as a Finalist for the Local Business

THE LIMOUSINE LINE

LUXURY VEHICLES | SUPERIOR SERVICE | AFFORDABLE RATES

Awards 2020 – Parramatta, a testament to their ability to provide an outstanding customer experience.

This follows their success of receiving the 2019 TripAdvisor Certificate of Excellence where their 100% 5-star customer reviews speak volumes about the quality of their service.

What has set them apart for all these years?

John and Rita put their success down to the personalised attention they give to each customer, going above and beyond other chauffeured transport and limousine operators in Sydney. John describes himself as his client's personal concierge with a luxury limousine service included.

The Limousine Line allows travelers to relax and enjoy their occasion without worrying about travel logistics for the day. Unlike

most other limousine services in Sydney, by offering the zero-emissions Tesla X 90D limo, passengers experience both luxury and sustainability at the same time. "Much is said about sustainable transportation, reducing carbon emissions and our "footprint" on this wonderful planet." John and Rita want to share these noble goals with all those who choose to travel with The Limousine Line and know that the changes they make today, are paving the future of transportation for their children's generation.

Complimentary bottle of sparkling wine!

John and Rita want you to know that while Covid-19 has been their biggest trial in business, they are still standing strong because of their solid foundation and support from clients over the past 25 years.

To celebrate this achievement, The Limousine Line are giving away a complimentary bottle of sparkling wine with every special occasion transfer or tour booked between now and the end of the year.
